I'AM A WEBSITE DEVELOPER

HELLO

I am Student at majoring Informatics Management based in Politeknik Negeri Padang. My prefer skills is graphic design and UI/UX. Creating works that are not only aesthetic but also functional and oriented to user experience. This ability is supported by mastery of programming such as **Laravel PHP, HTML, CSS, JavaScript, MySQL, Kotlin, and Flutter**, which strengthens my ability to realize design into a real digital solution. With a leadership spirit and organizational skills, I am used to working collaboratively, bringing innovation, and contributing to creating the best results at every opportunity.
